CPFilms Announces Launch of New LLumar® Paint Protection Film

ST. LOUIS October 28, 2009 –CPFilms Inc., a wholly owned subsidiary of Solutia Inc. (NYSE: SOA), and the world’s leading producer of automotive, residential, and commercial window films, announces the launch of their new best-in-class LLumar® branded paint protection film. This new and improved easy-to-install, durable paint protection film will be presented with live demonstrations throughout the day at the LLumar booth (#10903) at the SEMA show in Las Vegas, NV from November 3 through November 6, 2009. (More information can be found at www.llumar.com.)

“CPFilms worked closely with its professional dealer network to develop a paint protection product that is easy to install, has a high-gloss finish and significantly increased durability. This product has been through extensive field trials to reach our goal of exceeding paint protection needs without any sacrifices,” said Ryan Eilermann, CPFilms Automotive Brand Manager. “Consumers will appreciate this virtually invisible shield provided by the film, that helps maintain their automotive investment and improves the future trade-in value of their vehicle,” he continued. “Ultimately our dealers will benefit from an easier to install product at a value-oriented price.”

LLumar paint protection film is a counter-seasonal product to be added to the other high-quality products LLumar dealers offer. The new film is 33% thicker than previous LLumar paint protection offerings and helps defend against abrasions, nicks and scratches from insects, small road debris and winter sand and salt; resulting in year-round added protection. Installed by LLumar’s professional dealer network, a 5-year limited manufacturer’s warranty is also provided (see www.llumar.com or an authorized LLumar dealer for complete warranty details).

The innovative paint protection film will also be featured in the New Product Showcase at the SEMA show. Automotive film experts will be available during the show to discuss your paint protection needs. New dealer opportunities are available.
